

MISSION

EUROTAGAR and **GRUPO TAGAR** aims to carry out our client's projects in a sustainable and safe way, using a competent team and specialised equipment.

VISION

To be a landmark Group, where experience, competence and professionalism are recognised by our clients.

To consolidate our position as a leader and landmark Group, in our country and abroad, in the lifting and load handling area in the industrial, construction and wind energy sectors.

VALUES

Effort and Expertise

Unity and Teamwork

Responsability and Rigour

Orientation for Results

Togetherness with our Clients as Partners

Attitude towards Problems

Guarantee of Quality and Safety Standards

Attention to details

Respect for Life, for People and for the Environment

QUALITY, SAFETY AND ENVIRONMENT POLICY

EUROTAGAR and **GRUPO TAGAR's** commitment to Quality, Safety and Environmental Standards implies:

- ✿ To permanently achieve a **level of total and efficient response** to a client's requirements and expectations, obtaining their full satisfaction;
- ✿ To motivate all employees to **coordinate their efforts** on the road to success, taking into account each person's personal fulfilment and fostering a good working environment;
- ✿ To ensure **adequate infrastructures and equipment adjusted** to the demanding reality of the load handling and lifting market;
- ✿ To promote **active co-operation with Suppliers/Partners**, who are selected according to our Quality, Safety and Environmental criteria;
- ✿ To commit to the employees, by promoting their **participation and consultation** in the life and actions of the company.
- ✿ To optimise costs (by avoiding waste) through making the most out of the resources (by continually systematising processes), guaranteeing the company's **economic and financial balance** and its sustainable development;
- ✿ To comply with **legislation, applicable regulations and other subscribed requirements**, thereby assuming social and environmental responsibilities and acting in a reflective manner;
- ✿ To assume the elimination of hazards and reduction of occupational risks by providing healthy and safe working conditions for all employees, in order to **prevent injuries, wounds and damages to their health**;
- ✿ To choose measures that add value to **environmental performance and prevent pollution**;
- ✿ To systematically guarantee the **continuous improvement** of the Quality, Safety and Environmental Management System.

In view of the commitments made, EUROTAGAR's management ensures that the Quality, Safety and Environmental Policy is made available to all interested parties and understood by all employees.
